

PARENT INVOLVEMENT TIPS

- Be involved in your child's education from preschool through high school and beyond.
- Let your child know that you expect them to do their best.
- Ask your child about his or her school day...every day!
- Become acquainted with your child's teacher(s) and communicate with him or her often through notes, email, phone conversations, and parent/teacher conferences.
- Ask your child's teacher what you can do at home to help your child do better in school.
- Attend school events such as parent/teacher conferences, open houses, student performances and other events. Join the PTA and get involved with the school.
- Help your child sign up for a library card in their name. Pick out books together.
- Ask your child's teacher for a list of books that your child can read to you, or that you can read to your child.
- Talk to your child anytime you can. In the car, when you are walking or at the dinner table.
- Plan your meals for the week on Sunday. Post them on the refrigerator for everyone to see. Eat together as a family as often as you can.
- Visit your child's school and have lunch with your child.
- Be aware of the need for your child to be a self advocate and help them become as independent as possible.
- Help your child develop a responsible attitude by giving them responsibilities in the home, school and community.
- Take time to plan for your child's future. Call the Parent Resource Center for help. Our phone number is: 859-381-4229.

Log on to <http://www.fcps.net/prc> for parent resources and more information or call the Fayette County Parent Resource Center at 859-381-4229.

The Parent Resource Center is your place for parent involvement, information, training and support for families and educators working together to help your child learn.

"The future is literally in our hands to mold as we like, but we cannot wait until tomorrow.

Tomorrow is now."

- Eleanor Roosevelt
