- Please insure that any overpayment claimed from a prior year has not already been refunded by Fayette County to the business.
- Please attach a copy of this completed extension request to the actual Fayette County Public Schools Net Profit License Tax Return upon filing of the return.
- This extension form extends the filing of the return, but does not extend the time for paying the tax due.
- Full payment of tax due must be paid by the original due date of the return in order to avoid interest charges of 12% annually.
- Unless estimated payments equal to at least 80% of the total tax liability are made by the regular due date of the return, a late payment penalty of 5% per month (maximum of 25%) of the unpaid tax amount will be assessed. Pursuant to KRS 67.790, there is a minimum penalty for failure to file and/or pay any return by the prescribed due date.
