

2012 Gap Reduction Cover Page

School: Crawford Middle School

District: Fayette County Public Schools

Date: November 10, 2010

Gap Reductions Target (s):

Primary Targets	Content Area	Sub-Group	2010 results	Gaps	2012 School Targets	Projected Increase
X						
X	Reading	Free/Reduced Lunch	54.11	2.51	75.79	21.68
X	Math	Free/Reduced Lunch	42.81	3.99	71.41	28.60

Rationale: We have selected the Free/Reduced Lunch sub-group as our gap reduction target group for both reading and math. We feel working with this sub-group in a focused and strategic manner will allow us to specifically close these gaps. It will also support our efforts to increase the number of minority students prepared for and participating in higher level coursework since our minority students are a large percentage of our Free/Reduced Lunch population. Increasing student achievement in the sub-group of Free/Reduced Lunch will have a direct impact on increasing student achievement in reading and math for the sub-groups of students with disabilities and African-Americans, as well.
