Who can use the Family Resource Center?

Centers receive a state grant based on the number of students that are eligible for free school meals. However, once a center is established, all children can receive and benefit from the services. The Family Resource Center is available to all students, parents, and families of Clays Mill and Stonewall Elementary schools.

.....

What is the Families First FRC?

The Families First FRC was designed to serve the students and families of Clays Mill and Stone Wall Elementary Schools. The philosophy of the center is that families have a great impact on the success children have in school. The center will encourage, recognize, utilize and welcome the positive contributions made by families. In our center, we help children and their families by providing resources and support to enhance the growth and development of the family unit.
