2020 Student Survey Results

Dear Sandersville Families,

Our school community prides itself on strong relationships and high expectations. These are common themes that unite parents and staff members. In February of 2020, Sandersville students, along with other 3rd through 5th graders across the state, **shared how they view their school in areas of safety and support.**

Our staff was very proud of what our students shared on the survey. Highlights include **100%** agreeing that Sandersville is a caring place, **99.2%** agreeing adults at Sandersville work hard to make sure students are safe, and **98.1%** agreeing that adults at this school respect students' differences (gender, culture, race, religion, ability).

For 2021, school data will be shared on the School Report Card page. We can't wait for this to go public.

Sincerely,

Mr. Marsh, Sandersville Principal
