

Quick Reference - What Does Remote Learning Look Like?

Remote Learning will likely look very different from NTI 2DL. It is also not the Virtual Learning Academy (VLA). VLA instruction follows the Florida Virtual School curriculum, which is facilitated by teachers of VLA.

CATEGORY	REMOTE LEARNING
Instruction	Virtual Only - 5 days at home; continuation of FCPS shared curriculum and follows district pacing
	Likely recorded lessons but possibly live
	Possible whole group and small group time with discussion; mostly independent learning
Teacher	Based on mitigating factors, may not have the original homeroom/NTI 2DL teacher(s)
Student Group	Based on mitigating factors, may not be with most of the the original classmates from fall
Assessment Types	Formative (daily), summative (end of unit), and performance-based assessments
Pacing of Instruction	Similar pacing and common curriculum expectations following district guides
Social Emotional Learning	Continued use of SEL curriculum and include remote learning students via live stream group when possible.
