

Bronco Nation,

Welcome to the new school year! We are all adjusting to what will be an epic and historic start to school. As a parent and as an educator, I can honestly say this is truly unique. I feel that with the resources and instructional plan that we have put together our school will be extremely successful. Bronco Nation, I challenge you to take this opportunity and excel!

There is a stampede coming!

Let me share our plan:

First and foremost, your student email is the primary mode of communication. Please make sure you are able to login to your student email prior to the first day of school. Your first class Zoom link will be sent to your student email address next week.

Synchronous instruction: education, instruction or learning that occurs at the same time but not necessarily the same place. (Ex: Teaching/learning live over Zoom)

Asynchronous instruction: education, instruction or learning that do not occur in the same place or at the same time. (Ex: completing a self-guided canvas module)

Instructional Process

- We will use CANVAS to deliver instruction to our students. This allows for synchronous and asynchronous instruction to take place.
- We will use Zoom for all synchronous meetings. The district is purchasing full licenses for all teachers that have no time limits, allow breakout rooms, polling (for formative checks), reactions, and more. All Zoom sessions should be recorded, saved, and embedded into the appropriate CANVAS module.
- The district is purchasing full licenses to Screencastify for all teachers. This will allow teachers to record instruction for asynchronous class meetings.
- Douglass has purchased EdPuzzle for all teachers. EdPuzzle allows teachers to create interactive video lessons, track student progress, and reinforce accountability.

Attendance will be taken daily in all scheduled classes.

Social Emotional Learning

This year, we will use a social emotional learning (SEL) program in our advisory classes known as School Connect. SEL programs teach students how to process and manage emotions, set and work towards positive goals, feel and show empathy for others, and maintain positive relationships.
