Incoming MSTC Algebra 2 Students:

I look forward to meeting each one of you in August. In order for you to be prepared for MSTC Algebra 2, you will need to spend some time this summer reviewing some important topics, terms, and concepts from previous coursework. Directions are listed below to access your assignment.

On your second day of class you will have a test covering this material. This will be your first summative grade in the class. We will discuss any questions you may have on your first day of class. Please come to class prepared with these questions in detail.

See you soon!

Gertie Sercus

Directions to Access Summer Assignment:

- Go to deltamath.com
- Choose "Create Account" and select "student"
- Enter the Teacher Code: 621408
- Create an account using your name and an accessible email address
- Under "period" choose MSTC21-22
- Once you sign in, you will see the assigned problems. Complete these to an assignment score of 100% before the first day of school.
