STATUTORY AUTHORITY: KRS 156.070(1), 156.160, 157.220, 157.224, 157.260, 167.015 NECESSITY, FUNCTION, AND CONFORMITY: KRS 157.200 to 157.290 establish the statutory framework for special education programs in local school districts. KRS 157.220 requires the Kentucky Board of Education to adopt rules and administrative regulations for proper administration of these programs. KRS 156.035 authorizes the Kentucky Board of Education to implement any act of Congress appropriating funds to the state and to provide for the proper apportionment and disbursement of these funds in accordance with state and federal laws. 20 U.S.C. 1407 and 1412, and 34 C.F.R. 300.100 require that policies and procedures be adopted to assure the apportionment and disbursement of federal funds for exceptional children programs in accordance with applicable laws. This administrative regulation establishes requirements for providing a free, appropriate, public education for children identified as eligible for special education services.

Section 1. Free Appropriate Public Education. (1) AN LEA shall make a free appropriate public education (FAPE) available to all children with disabilities aged three (3) to twenty-one (21) residing within its district's boundaries who have not received a high school diploma, including children with disabilities who have been suspended or expelled for more than ten (10) school days in a school year. FAPE shall be provided to each child with a disability even though the child has not failed or been retained in a course and is advancing from grade to grade based on the child's unique needs and not on the child's disability. An LEA shall not be required to provide FAPE to a student eighteen (18) years old or older, who is placed in an adult correctional facility if, in the educational placement prior to placement in the correctional facility, the student was not identified as a child with a disability and did not have an IEP.

(2) AN LEA shall be responsible for ensuring the rights and protections under 707 KAR Chapter 1 are given to children with disabilities referred to or placed in private schools and facilities by that LEA.

(3) State agencies charged with the responsibility of providing educational services to children with disabilities within their care shall provide those services in accordance with 707 KAR Chapter 1. (4) If payment for services under 707 KAR Chapter 1 is to be provided by an agency other than the LEA, the LEA shall ensure the services are provided without delay even if there is a delay in the payment for those services.

Section 2. Residential Placement. If it is determined necessary by an ARC to place a child with a disability for educational purposes in a private residential educational program, the program, including nonmedical care and room and board, shall be provided by the LEA which convened the ARC. An LEA may fulfill its responsibility under this section by providing the services directly or by contracting for those services.

Section 3. Proper Functioning of Hearing Aids. An LEA shall ensure that a hearing aid worn in school by a child with a hearing impairment is functioning properly. A LEA shall ensure that the external components of surgically implanted devices of children with disabilities are functioning properly; however, an LEA shall not be responsible for the postsurgical maintenance, programming, or replacement of the medical device that has been surgically implanted.

Section 4. Program Options. An LEA shall ensure that all children with disabilities have available to them the variety of educational programs, services, and curriculum as described in the Kentucky Program of Studies, 704 KAR 3:303, that is available to children without disabilities. These educational services may include art, music, industrial arts, consumer and family science education, career and technical education, and other educational services.

Section 5. Nonacademic Services. An LEA shall take steps, including the provision of supplementary aids and services as determined appropriate and necessary by the child's ARC, to provide all children with disabilities the nonacademic and extracurricular services and activities that give children with disabilities an equal opportunity for participation in those services and activities. These services and activities may include:

- (1) Counseling services;
- (2) Athletics;
- (3) Transportation;
- (4) Health services;
- (5) Recreational activities;
- (6) Special interest groups or clubs sponsored by the LEA;
- (7) Referrals to agencies that provide assistance to individuals with disabilities; and
- (8) Employment of students, including both employment by the LEA and assistance in making outside employment available.

Section 6. Physical Education. (1) Unless the provisions of subsection (2) of this section apply, an LEA shall make available to every child with a disability:

- (a) Physical education services, specially designed if prescribed in the child's IEP; or
- (b) The opportunity to participate in the regular physical education program available to children without disabilities.

(2) An LEA is not required to make available physical education services to a child with a disability if:

- (a) The child is enrolled full time in a separate facility in which case the agency responsible for the education of the child in that facility shall ensure the child receives appropriate physical education; or
- (b) The LEA enrolls children without disabilities and does not provide physical education to children without disabilities in the same grades.

Section 7. Assistive Technology. (1) AN LEA shall ensure that assistive technology devices or assistive technology services, or both, as defined in 707 KAR 1:280(3) or (4) are made available to a child with a disability if required as part of the child's special education, related services, or supplemental aids and services.

(2) On a case-by-case basis, the use of school-purchased assistive technology devices in a child's home or in other settings is required if the ARC determines that the child needs access to those devices in order to receive FAPE.

Section 8. Extended School Year Services. AN LEA shall ensure that extended school year services (ESY) are available to each child with a disability, as necessary, to provide FAPE. The determination of the need for extended year services shall be made on an individual basis. In making this determination, the LEA shall not:

- (1) Limit the provision of extended year services to a particular category(s) of disability; or
- (2) Unilaterally limit the type, amount, or duration of those services.

Section 9. Prohibition of Mandatory Medication. LEA personnel shall not require a child to obtain a prescription for a substance covered by schedules I, II, III, IV, or V the Controlled Substance Act (21Back to

U.S.C. 812(c)), as a condition of attendance in school, receiving an evaluation under 707 KAR 1:300, or receiving services under 707 KAR Chapter 1. However, school personnel may consult or share classroom-based observations with parents or guardians regarding student's academic, functional, or behavioral performance or regarding the need for evaluation to determine eligibility for special education services.

Section 10. Records Regarding Migratory Children with Disabilities. A LEA shall to transfer health and education records on migratory children with disabilities who move to other states in accordance with the No Child Left Behind Act, 20 U.S.C. 6398. (26 Ky.R. 2131; Am. 27 Ky.R. 499; eff. 8-14-2000; 33 Ky.R. 3463; 34 Ky.R. 548; eff. 11-5-2007.)

STATUTORY AUTHORITY: KRS 156.070(1), 156.160, 157.220, 157.224, 157.260, 167.015 NECESSITY, FUNCTION, AND CONFORMITY: KRS 157.200 to 157.290 establish the statutory framework for special education programs in local school districts. KRS 157.220 requires the Kentucky Board of Education to adopt rules and administrative regulations for proper administration of these programs. KRS 156.035 authorizes the Kentucky Board of Education to implement any act of Congress appropriating funds to the state and to provide for the proper apportionment and disbursement of these funds in accordance with state and federal laws. 20 U.S.C. 1407 and 1412, and 34 C.F.R. 300.100 require that policies and procedures be adopted to assure the apportionment and disbursement of federal funds for exceptional children programs in accordance with applicable laws. This administrative regulation establishes requirements for conducting child find activities and procedures for evaluation and reevaluation of children with disabilities.

Section 1. Child Find Requirements. (1) An LEA shall have in effect policies and procedures that plan and implement a child find system to locate, identify, and evaluate each child:

- (a) Whose age is three (3) to twenty-one (21);
 - (b) Who resides in a home, facility, or residence within the LEA's geographical boundaries, including children with disabilities who attend private schools located within the LEA boundaries, children who are highly mobile such as migrant children, homeless children as described in 704 KAR 7:090, children who are wards of the state or are in state custody, and students who are advancing grade to grade resulting from passing a grade but who still may have a disability;
 - (c) Who is either in or out of school; and
 - (d) Who may need special education and related services.
- (2) For preschool age children with disabilities, an LEA must ensure a smooth and effective transition from the early intervention program to preschool.
- (3) Each LEA shall participate in transition planning conferences for children with disabilities served by early intervention programs.

Section 2. Coordinated early intervening services. A LEA may conduct early intervening services for students from kindergarten through 12th grade (with particular emphasis on students in kindergarten through grade three (3)) who need additional academic and behavioral support in order to be successful in the regular education environment prior to referral for special education. An LEA shall not spend more than fifteen (15) percent of the money received under IDEA Part B to provide these coordinated early intervening services.

Section 3. Referral System. (1) An LEA shall have a referral system that explains how referrals from district or nondistrict sources will be accepted and acted upon in a timely manner.

(2) The referral system shall be conducted in such a manner as to prevent inappropriate over identification or disproportionate representation by race and ethnicity of children in special education by ensuring that each child has been provided appropriate instruction and intervention services prior to referral.

(3) The LEA shall ensure that:

[Back to Contents](#)

[Index](#)

(a) Prior to, or as a part of the referral process, the child is provided appropriate, relevant research-based instruction and intervention services in regular education settings, with the instruction provided by qualified personnel; and

(b) Data-based documentation of repeated assessments of achievement or measures of behavior is collected and evaluated at reasonable intervals, reflecting systematic assessment of student progress during instruction, the results of which were provided to the child's parents.

(4) If the child has not made adequate progress after an appropriate period of time during which the conditions in subsection (3) of this section have been implemented, a referral for an evaluation to determine if the child needs special education and related services shall be considered.

Section 4. Evaluation and Reevaluation Procedures. (1) An LEA shall ensure that a full and individual evaluation is conducted for each child considered for specially designed instruction and related services prior to the provision of the services. The results of the evaluation shall be used by the ARC in meeting the requirements on developing an IEP as provided in 707 KAR 1:320.

(2) Tests and other evaluation materials used to assess a child shall be:

(a) Selected and administered so as not to be discriminatory on a racial or cultural basis; and

(b) Provided and administered in the child's native language or other mode of communication most likely to yield accurate information on what the child knows and can do academically, developmentally, and functionally, unless it is clearly not feasible to do so.

(3) Screenings conducted by a teacher or a specialist to determine appropriate instructional strategies for curriculum implementation shall not be considered to be an evaluation for eligibility for specially designed instruction and related services and shall not need parental consent.

(4) Materials and procedures used to assess a child with limited English proficiency shall be selected and administered to ensure that they measure the extent to which the child has a disability and needs specially designed instruction and related services, rather than measuring the child's English language skills.

(5) A variety of assessment tools and strategies shall be used to gather relevant functional, developmental, and academic information about the child, including information provided by the parent, and information related to enabling the child to be involved in and progress in the general curriculum described in the Kentucky Program of Studies, 704 KAR 3:303.

(6) A standardized test given to a child shall:

(a) Have been validated for the specific purpose for which it is used;

(b) Be administered by trained and knowledgeable personnel in accordance with any instructions provided by the producer of the tests; and

(c) Be conducted under standard conditions unless a description of the extent to which it varied from standard conditions is documented in the evaluation report.

(7) Tests and other evaluation materials shall include those tailored to assess specific areas of educational need and not merely those that are designed to provide a single general intelligence quotient.

(8) Tests shall be selected and administered so as best to ensure that if a test is administered to a child with impaired sensory, manual, or speaking skills, the test results accurately reflect the child's aptitude or achievement level or whatever other factors the test purports to measure, rather than reflecting the child's impaired sensory, manual, or speaking skills (unless those skills are the factors that the test purports to measure).

(9) A single procedure shall not be used as the sole criterion for determining whether a child is a child with a disability and for determining an appropriate educational program for the child.

(10) The child shall be assessed in all areas related to the suspected disability, including, if appropriate, health, vision, hearing, social and emotional status, general intelligence, academic performance, communicative status, and motor abilities.

(11) The evaluation shall be sufficiently comprehensive to identify all the child's special education and related services needs, whether commonly linked to the disability category in which the child has been classified.

(12) Assessment tools used shall be technically sound instruments that may assess the relative contribution of cognitive and behavioral factors, in addition to physical or developmental factors.

(13) Assessments and evaluation of children with disabilities that transfer from one school district to another in the same academic year shall be coordinated with the previous and current schools as necessary and as expeditiously as possible, to ensure prompt completion of full evaluations.

(14) Assessment tools and strategies shall be used that provide relevant information that directly assists and is used in the determination of the educational needs of the child. As part of an initial evaluation, if appropriate, or as part of any reevaluation, the ARC and other qualified professionals, if necessary, shall review existing evaluation data on the child including:

- (a) Evaluations and information provided by the parents;
- (b) Current classroom-based, local, or state assessments and classroom-based observations; and
- (c) Observations by teachers and related services providers.

(15) On the basis of the review, and input from the parents, the ARC shall identify what additional data, if any, are needed to determine:

- (a) Whether the child has a particular category of disability and the educational needs of the child, or in the case of a reevaluation of the child, whether the child continues to have a disability, and the educational needs;
- (b) The present levels of academic achievement and related developmental needs of the child;
- (c) Whether the child needs special education and related services, or in the case of a reevaluation, whether the child continues to need specially-designed instruction and related services; and
- (d) Whether any additions or modification to the special education and related services are needed to enable the child to meet the measurable goals set out in the IEP and to participate, as appropriate, in the general curriculum.

(16) The LEA shall administer tests and other evaluation materials as needed to produce the data identified by the ARC. If, for purposes of a reevaluation, the ARC determines that no additional data are needed to determine whether the child continues to be a child with a disability and to determine the child's educational needs, the LEA shall notify the child's parents:

- (a) Of that determination and reasons for it; and
- (b) Of the right of the parents to request a reevaluation to determine whether, for purposes of services, the child continues to be a child with a disability.

(17) The LEA shall not be required to conduct a reevaluation, if:

- (a) After review of the existing data, the ARC determines:
 - 1. A reevaluation is not necessary to determine whether the child continues to be eligible for services; and
 - 2. A reevaluation is not warranted to determine the education or related services needs, including improved academic achievement and functional performance; and
- (b) The parents or teacher do not request a reevaluation.

(18) An LEA shall ensure a reevaluation, unless the parent and the LEA agree that a reevaluation is unnecessary. A reevaluation may consist of the review described in subsection (14) of this section, and is conducted at least every three (3) years to determine:

- (a) The present levels of performance and educational needs of the child;
- (b) Whether the child continues to need special education and related services; and
- (c) Whether any additions or modifications to the special education and related services are needed to enable the child to meet the measurable annual goals set out in the IEP and to participate, as appropriate, in the general curriculum.

(19) A reevaluation shall not be conducted more than once a year unless the parent and the LEA agree otherwise.

(20) An LEA shall evaluate a child with a disability in accordance with this administrative regulation before determining that the child is no longer a child with a disability. The LEA shall not be required to conduct an evaluation as described in this section before the termination of a child's eligibility due to graduation from secondary school with a regular diploma or due to exceeding the age eligibility for a free, appropriate public education.

(21) For students who graduate or age out of the program, the LEA shall provide the child with a summary of the child's academic achievement and functional performance including recommendations on how to assist the child in meeting the child's postsecondary goals. KRS 157.220 requires the Kentucky Board of Education to adopt rules and administrative regulations for proper administration of these programs. KRS 156.035 authorizes the Kentucky Board of Education to implement any act of Congress appropriating funds to the state and to provide for the proper apportionment and disbursement of these funds in accordance with state and federal laws. 20 U.S.C. 1407 and 1412, and 34 C.F.R. 300.100 require that policies and procedures be adopted to assure the apportionment and disbursement of federal funds for exceptional children programs in accordance with applicable laws. This administrative regulation establishes requirements for the determination of eligibility for special education of children who have disabilities.

- Section 1. Determination of Eligibility.** (1) Upon analysis of intervention and assessment data, the ARC shall determine whether the child is a child with a disability as defined in Section 1(9) of 707 KAR 1:280 to the extent that specially designed instruction is required in order for the child to benefit from education. An LEA shall provide a copy of the evaluation report and the documentation of determination of eligibility to the parent.
- (2) A child shall not be determined to be eligible if the determinant factor for that eligibility determination is:
- (a) A lack of appropriate instruction in reading, including the essential components of reading instruction as established in the Elementary and Secondary Education Act, 20 U.S.C. 6301;
 - (b) A lack of appropriate instruction in math; or
 - (c) Limited English proficiency and the child does not otherwise meet eligibility criteria.
- (3) In making eligibility determinations, an LEA shall draw upon information from a variety of sources, which may include:
- (a) Response to scientific, research-based interventions;
 - (b) Vision, hearing, and communication screenings;
 - (c) Parental input;
 - (d) Aptitude and achievement tests;
 - (e) Teacher recommendations;
 - (f) Physical condition;

 - (h) Adaptive behavior; or
 - (i) Behavioral observations.
- (4) An LEA shall ensure that information obtained from these sources as appropriate for each student, is documented and carefully considered.
- (5) In making a determination under the category of mental disability, the ARC may apply a standard error of measure, if appropriate.
- (6) If a determination is made that a child has a disability and needs special education and related services, an IEP shall be developed for the child.

Section 2. Additional Procedures for Evaluating Children with Specific Learning Disabilities. (1) The determination of whether a child suspected of having a specific learning disability is a child with a disability and whether the specific learning disability adversely affects educational performance shall be

considered by the child's ARC. The ARC shall also include other professionals, relative to the area(s) of concern, such as a school psychologist, speech-language pathologist, or educational specialist.

(2) Any ARC convened to discuss a child with a suspected or documented specific learning disability shall be collectively qualified to:

- (a) Conduct, as appropriate, individual diagnostic assessments in the areas of speech and language, academic achievement, intellectual development, or social-emotional development;
- (b) Interpret assessment and intervention data and apply critical analysis to that data;
- (c) Develop appropriate educational and transitional recommendations based on the assessment data; and
- (d) Deliver and monitor specially designed instruction and services to meet the needs of a child with a specific learning disability.

(3) The ARC may determine a child has a specific learning disability if:

- (a) 1. The child is provided with learning experiences and instruction appropriate for the child's age or state-approved grade level standards aligned with the Kentucky Program of Studies, 704 KAR 3:303; and
- 2. The child does not achieve adequately for the child's age or grade level standards aligned with the Kentucky Program of Studies, as indicated on multiple data sources, as appropriate, in one or more of the following areas:

- a. Oral expression;
- b. Listening comprehension;
- c. Written expression;
- d. Basic reading skills;
- e. Reading fluency skills;
- f. Reading comprehension;
- g. Mathematics calculation; or
- h. Mathematics reasoning;

(b) The child fails to achieve a rate of learning to make sufficient progress to meet grade level standards aligned with the Kentucky Program of Studies, 704 KAR 3:303 in one or more of the areas identified in subparagraph (3)(a)2 of this section when assessed based on the child's response to scientific, research-based intervention; or

(c) The child exhibits a pattern of strengths and weaknesses in performance, achievement, or both relative to ability level or intellectual development, that is determined by the ARC to be relevant to the identification of a specific learning disability, using appropriate assessments consistent with 707 KAR 1:300, Section 4.

(4) The ARC shall not identify a child as having a specific learning disability if deficits in achievement are primarily the result of:

- (a) A visual, hearing, or motor impairment;
- (b) Mental disability as defined in 707 KAR 1:280(37);
- (c) Emotional-behavioral disability;
- (d) Cultural factors;
- (e) Environmental or economic disadvantage; or
- (f) Limited English proficiency.

(5) At least one (1) team member other than the child's regular education teacher shall observe the child in the learning environment, including the regular classroom setting, to document academic performance and behavior in the area of difficulty. If the child is less than school age or is out of school, the observation shall take place in an environment appropriate for the child.

(6) For a child suspected of having a specific learning disability, the ARC must consider, as part of the evaluation, data that demonstrates that:

[Back to Contents](#)

- (a) Prior to, or as a part of the referral process, the child was provided appropriate instruction in regular education settings, including that the instruction was delivered by qualified personnel; and
 - (b) Data-based documentation of repeated assessments of achievement at reasonable intervals, reflecting formal assessment of student progress during instruction, which was provided to the child's parent.
- (7) If the child has not made adequate progress after an appropriate period of time, during which the conditions in paragraphs (a) and (b) of this subsection have been implemented, a referral for an evaluation to determine if the child needs special education and related services shall be considered.
- (8) An ARC shall develop documentation of a specific learning disability. This documentation shall contain a statement of:
- (a) Whether the child has a specific learning disability;
 - (b) The basis for making that determination;
 - (c) The relevant behavior noted during the observation;
 - (d) The relationship of that behavior to the child's academic functioning;
 - (e) The educationally relevant medical findings, if any;
 - (f) Whether the child does not achieve commensurate with the child's age and ability;
 - (g) Whether there are patterns of strengths and weaknesses in performance or achievement or both relative to age, state-approved grade level standards, or intellectual development in one (1) or more of the areas described in subparagraph (3)(a)2 of this section, that require special education and related services; and
 - (h) The determination of the ARC concerning the effects of a visual, hearing, or motor disability; mental retardation; emotional disturbance; environmental, cultural factors; economic disadvantage; or limited English proficiency on the child's achievement level; and
 - (i) The instructional strategies used and the student-centered data collected based on the child's response to scientific, research-based intervention.
- (9) This documentation shall include notification to the child's parents concerning the policies regarding:
- (a) The amount and nature of student performance data that is collected and the general education services that are provided;
 - (b) Strategies for increasing the child's rate of learning; and
 - (c) The parents' right to request an evaluation.
- (10) Each ARC member shall certify in writing whether the report reflects the member's conclusions. If it does not reflect the member's conclusion, the team member shall submit a separate statement presenting the member's conclusions. This administrative regulation establishes requirements for the development, implementation, and revision of individual education programs for each child with a disability.

Section 1. Individual Education Programs. (1) An LEA shall ensure an IEP is developed and implemented for each child with a disability served by that LEA, and for each child with a disability placed in or referred to a private school or facility by the LEA.

(2) Kentucky School for the Deaf and Kentucky School for the Blind, in conjunction with the child's resident LEA, shall ensure that an IEP is developed and implemented for each child with a disability placed in its school by an ARC.

(3) At the beginning of the school year, an LEA shall have an IEP in effect for each child with a disability within its jurisdiction.

(4) An LEA shall ensure the IEP:

(a) Is in effect before specially designed instruction and related services are provided to a child with a disability; and

(b) Is implemented as soon as possible following an ARC meeting.

(3) A member of the ARC team listed above may be dismissed from attendance, in whole or in part, if the parents and the LEA agree in writing prior to the ARC meeting to waive the attendance of that member even though the member's area of curriculum or related services will be discussed or modified if: (a) The parent and the LEA consent in writing to the excusal; and

The appeal shall be perfected by sending, by certified mail, to the Kentucky Department of Education, a request for appeal, within thirty (30) calendar days of the date of the hearing officer's decision.

(2) A decision made by the Exceptional Children Appeals Board shall be final unless a party appeals the decision to state circuit court or federal district court.

(3) Except as provided in Sections 14 and 15 of this administrative regulation, during the pendency of any administrative or judicial proceeding, including the dispute resolution meeting the child involved in the hearing or appeal shall remain in the child's current educational placement, unless the LEA and the parent agree to another placement. However, the child shall not be required to remain in the child's current educational placement if the complaint involves an application for initial services for a child who is transitioning from the early intervention program into preschool and the child is no longer eligible for the early intervention program due to age. In that case the LEA shall not be required to provide the early intervention services the child had been receiving but would be required to provide any special education and related services that the child is eligible for and that are not in dispute between the parent and the LEA.

(4) If the hearing involves an application for initial admission to public school, and if there is consent of the parents, the child shall be placed in the public school until the proceedings are final.

Section 13. Discipline Procedures. (1) The ARC may consider any circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct. (2) School personnel may remove a student with a disability who violates a code of student conduct from the student's placement to an appropriate interim alternative education setting, another setting, or suspension, for not more than ten (10) consecutive school days (to the extent those alternatives are applied to children without disabilities).

(3) School personnel may remove a student with a disability from the student's current placement for additional periods of time of not more than ten (10) consecutive school days in the same school year for separate incidents of misconduct as long as those removals do not constitute a change in placement because of disciplinary removals.

[Back to Contents](#)

[Index](#)

- (4) If the behavior that gave rise to the violation of the school code is determined not to be a manifestation of the child's disability (as described in Section 14 of this administrative regulation), school personnel may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to children without disabilities for removals that would exceed ten (10) consecutive school days.
- (5) After a child with a disability has been removed from the child's current placement for ten (10) school days in the same school year, educational services as described in subsection (6)(a) and (b) of this section shall be provided during any subsequent days of removal.
- (6) A child with a disability who is removed from the child's current placement for more than ten (10) consecutive school days shall:
- (a) Continue to receive a free, appropriate public education so as to enable the child to continue to participate in the general curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP; and (b) Receive, as appropriate, a functional behavioral assessment, and behavioral intervention services, and modifications, that are designed to address the behavior violation so that it does not recur.
- (7) The services described in subsection (6) of this section may be provided in an interim alternative educational setting.
- (8) An LEA shall be required to provide educational services to a child with a disability during periods of removal of ten (10) or less school days in the same school year if it provides services to children without disabilities who are similarly removed.
- (9) After a child with a disability has been removed from the child's current placement for ten (10) school days in the same school year, and the current removal is for not more than ten (10) consecutive school days and is not a change in placement because of disciplinary removals, school personnel, in consultation with at least one (1) of the child's teachers, shall determine the extent to which educational services explained in subsection (6) of this section are needed.
- (10) If a removal is a change in placement because of disciplinary removals, the child's ARC shall convene within ten (10) school days after the change of placement is made and shall determine the appropriate educational services for the child. If the student has been placed in an interim alternative educational setting, the LEA shall invite staff from that alternative setting to the ARC meeting.

Section 14. Manifestation Determination. (1) Within ten (10) school days of any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the relevant members of the child's ARC, as determined by the LEA and the parent, shall convene a meeting to review all relevant information in the student's file, including the child's IEP, any teacher observations, teacher-collected data, and any relevant information provided by the parents to determine: (a) If the conduct in question was caused by, or had a direct and substantial relationship to the child's disability; or (b) If the conduct in question was the direct result of the LEA's failure to implement the IEP.

(2) The conduct shall be determined to be a manifestation of the child's disability if the ARC determines that either of the conditions in subsection (1)(a) or (b) of this section was met.

(3) If the ARC determines that the condition described in subsection (1)(b) of this section was met, the LEA shall take immediate steps to remedy those deficiencies.

(4) If the ARC determines that the conduct was a manifestation of the child's disability, the ARC shall:

- (a) 1. Conduct a functional behavioral assessment, unless the LEA had conducted a functional behavioral assessment before the behavior that resulted in the change of placement occurred and had implemented a behavioral intervention plan for the child; or 2. Review the behavioral intervention plan, (if one had already been developed) and modify it, as necessary, to address the behavior; and

[Index](#)

(b) Return the child to the placement from which the child was removed unless the LEA and the parent agree to a change of placement as part of the modification of the behavioral intervention plan or because of the special circumstances explained in subsection (5) of this section.

(5) School personnel may remove a child with a disability to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is a manifestation of the child's disability, if the child: (a) Carries a weapon to or possesses a weapon at school, on school premises, or to or at a school function under the jurisdiction of the Kentucky Department of Education or the LEA; (b) Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance while at school, on school premises, or at a school function under the jurisdiction of the Kentucky Department of Education or the LEA; or (c) Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of the Kentucky Department of Education or the LEA.

(6) On the date on which a decision is made to make a removal that constitutes a change of placement of a child with a disability because of a violation of the code of student conduct, the LEA shall notify the parents of the decision and provide the parents with a copy of the procedural safeguards in accordance with Section 4 of this administrative regulation.

(7) The ARC of the child shall determine the interim alternative educational setting and the services for any child removed under Sections 13(4), (10) and 14(5) of this administrative regulation.

Section 15. Appeals from Placement Decisions. (1) The parent of a child with a disability who disagrees with any decision regarding placement under Section 13 or 14 of this administrative regulation or the manifestation determination, or an LEA that believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others may request a hearing by filing using the procedures contained in Sections 8 and 11.

(2) A hearing officer shall hear and make a determination regarding an appeal requested pursuant to subsection (1) of this section.

(3) In making a determination, the hearing officer may order a change in placement of a child with a disability. The hearing officer may:

(a) Return the child to the placement from which the child was removed; or

(b) Order a change in placement of the child to an appropriate interim alternative educational setting for not more than forty-five (45) school days if the hearing officer determines that maintaining the current placement is substantially likely to result in injury to the child or others.

(4) When an appeal has been requested pursuant to this section, the child shall remain in the interim alternative educational setting pending the decision of the hearing officer, or until the expiration of the time provided for in subsection (3)(b) of this section, whichever occurs first, unless the parent and the LEA agree otherwise.

(5) An appeal under this section shall:

(a) Be conducted in an expedited manner;

(b) Shall occur within twenty (20) school days from the date the request is filed; and

(c) Shall result in a determination within ten (10) school days after the hearing.

Section 16. Basis of Knowledge. (1) An LEA shall be deemed to have knowledge that a child is a child with a disability if: (a) The parent of the child has expressed concern in writing (or orally if the parent cannot express it in writing) to supervisory or administrative personnel of the appropriate LEA or to the teacher of the child, that the child is in need of special education and related services;

[Back to Contents](#)

(c) The teacher of the child, or other personnel of the LEA, has expressed concern about a pattern of behavior or performance of the child directly to the director of special education or other supervisory personnel of the LEA.
- (2) An LEA shall not be deemed to have knowledge that a child is a child with a disability if, after receiving information that the child may have a disability: (a) The LEA conducted an evaluation and determined the child was not a child with a disability; (b) The LEA determined an evaluation was not necessary and provided notice to the parents of these determinations; or (c) The parents refused to consent to an evaluation or refused initial services.
- (3) If an LEA does not have knowledge that a child is a child with a disability prior to taking disciplinary measures against the child, the child may be subjected to the same disciplinary measures as measures applied to children without disabilities.
- (4) If a request is made for an evaluation of a child during the time period in which the child is subjected to disciplinary measures, the evaluation shall be conducted in an expedited manner. Until the evaluation is completed, the child shall remain in the educational placement determined by school authorities, which may include suspension or expulsion without educational services.

Section 17. Reporting to Law Enforcement Agencies. (1) Notwithstanding any provisions of 707 KAR Chapter 1, an agency may report a crime committed by a child with a disability to appropriate authorities.
(2) If an LEA reports a crime committed by a child with a disability, it shall ensure that copies of the special education and disciplinary records of the child are transmitted for consideration by the appropriate authorities to the extent the transmission is permitted by the Family Educational Rights and Privacy Act, 20 U.S.C. Section 1232g.

(2) The LEA shall not charge a fee to search for or to retrieve information under 707 KAR Chapter 1.

Section 6. Amendment of Records and Opportunity for Hearing. (1) A parent who believes that information in the education records collected, maintained, or used under 707 KAR Chapter 1 is inaccurate, misleading, or violates the privacy or other rights of the child may request the LEA to amend the information. NECESSITY, FUNCTION, AND CONFORMITY: KRS 157.200 to 157.290 establish the statutory framework for special education programs in local school districts. KRS 157.220 requires the Kentucky Board of Education to adopt rules and administrative regulations for proper administration of these programs. KRS 156.035 authorizes the Kentucky Board of Education to implement any act of Congress appropriating funds to the state and to provide for the proper apportionment and disbursement of these funds in accordance with state and federal laws. 20 U.S.C. 1407 and 1412 and 34 C.F.R. 300.100 require that policies and procedures be adopted to assure the apportionment and disbursement of federal funds for exceptional children programs in accordance with applicable laws. This administrative regulation establishes standards for school districts to make appropriate educational services available to children with disabilities who have been enrolled in private schools by their parents.

Section 1. Children with Disabilities Enrolled in Private Schools by Their Parents when FAPE is at Issue.

(1) An LEA shall make FAPE available to each child with a disability. If a parent decides to place his child with a disability in a private school after the offer of FAPE, the LEA shall not be required to pay for the cost of the private education. Disagreements between a parent and the LEA regarding the availability of a program appropriate for the student and financial responsibility shall be subject to the due process procedures in 707 KAR 1:340.

(2) If a parent of a child with a disability, who previously received special education and related services under the authority of the LEA, enrolls the child in a private school without the consent of or referral by the LEA, a hearing officer or a court may award financial reimbursement to the parent if it is determined that the LEA did not offer FAPE to the child in a timely manner and the private placement is appropriate. This may be awarded even if the parents did not receive consent from the LEA for the private placement and the LEA did not make a referral to the private school. A hearing officer or a court may determine a private school placement to be appropriate even though it does not meet state standards that apply to an LEA.

(3) The amount of the financial reimbursement described in subsection (2) of this section may be reduced or denied if: (a) At the most recent ARC meeting prior to the removal by the parents of their child with a disability to the private school, the parents did not inform the LEA that they were rejecting the proposed LEA placement, including stating their concerns and their intent to enroll the child in a private school at public expense; (b) The parents did not give written notice to the LEA of the information described in paragraph (a) of this subsection at least ten (10) business days (including any holidays that occur on a business day) prior to the removal of the child; (c) Prior to the parent's removal of the child, the LEA informed the parents of its intent to evaluate the child (including a statement of the purpose of the evaluation that was appropriate and reasonable), but the parents did not make the child available for the evaluation; or (d) There is a judicial finding that the actions taken by the parents were unreasonable.

(4) The amount of financial reimbursement shall not be reduced or denied for the failure to provide the notice described in subsection (3) of this section if: (a) The parent is illiterate;

[Back to Contents](#)

[Index](#)

(b) Compliance with the notice requirement would likely result in physical or serious emotional harm to the child; (c) The school prevented the parent from providing the notice; or (d) The parent had not received notice from the LEA of his obligation to provide this notice.

Section 2. Child Find for Children with Disabilities Enrolled by Their Parents in Private School. (1) An LEA shall locate, identify, and evaluate all private school children with disabilities, including school children attending private, religious schools within the boundaries of the LEA. These activities shall be comparable to the activities to locate, identify, and evaluate children with disabilities in the public schools. An LEA in which private schools are located shall include parentally-placed private school children who attend those schools but reside in a state other than Kentucky in the LEA's child find activities.

(2) The LEA shall maintain in its records and provide to KDE: (a) The number of children evaluated under this section; (b) The number of children determined to be children with disabilities under this section; and (c) The number of children served under this section.

(3) An LEA shall consult with appropriate representatives of the private schools on how to carry out these activities.

(4) Child find activities shall be completed in a time period comparable to that for other students attending public school in the LEA. An LEA shall not consider the costs, including the cost of individual evaluations incurred by the LEA's child find activities, in meeting its obligation under Section 4(3) of this administrative regulation.

Section 3. Parental Consent. (1) If a parent of a child who is parentally placed in a private school does not provide consent for the initial evaluation or the reevaluation or a parent fails to respond to such a request, the LEA: (a) Shall not use the procedures in 707 KAR 1:340 for mediation, dispute resolution meeting, or a due process hearing; (b) Shall not be required to consider the child as eligible for services under this administrative regulation; and (c) Shall document its attempts to obtain parental consent which may include records of telephone calls, copies of correspondence, records of home or place of employment visits, and the results of these efforts.

Section 4. Basic Requirements. (1) A LEA shall provide special education and related services to parentally placed private school children with disabilities in accordance with the procedure found in Section 5 of this administrative regulation, to the extent consistent with the number and location of these children enrolled in private schools located within the school district boundaries.

(2) A service plan shall be developed and implemented for each private school child with a disability who has been designated by the LEA to receive special education and related services under Section 5 of this administrative regulation.

(3) To meet this requirement, a LEA shall spend a proportionate amount of the federal money it receives under the IDEA pursuant to 34 C.F.R. 300.133. This amount shall be determined after the LEA has completed its child find activities and submitted a child count figure to KDE. This child count shall be conducted on December 1 of each year.

Section 5. Consultation. (1) A LEA shall consult in a meaningful and timely fashion with private school representatives, and parents or representatives of parents of parentally-placed school children with Back to

disabilities during the design and development of special education and related services regarding the following: (a) The child find process, including how children suspected of having a disability can participate equitably and how parents, teachers, and private school officials will be informed of the process; (b) The determination of the proportionate share of federal funds, including how calculated; (c) How the consultation process will operate throughout the school year to ensure that parentally-placed children with disabilities identified through the child find process can meaningfully participate in special education and related services; (d) How, where, and by whom special education and related services will be provided including:

1. A discussion of the types of services, including direct services and alternate service delivery methods;
2. How special education and related services will be apportioned if funds are not sufficient to serve all parentally placed private school students with disabilities; and
3. How and when those decisions will be made; and (e) How the LEA will provide a written explanation to the private schools of the reasons why the LEA chose not to provide services directly or through a contract, if the LEA disagrees with the views of the private school representatives.

(2) When timely and meaningful consultation has occurred, the LEA shall obtain a written affirmation signed by the representatives of the private schools. If a private school does not provide the affirmation within a reasonable period of time, the LEA shall forward the documentation of the consultation process to the KDE.

Section 6. Services Provided. (1) An LEA shall ensure that services provided under a services plan shall be provided by personnel meeting the same standards as personnel providing services in the public school, except private school teachers that provide services under a service plan shall not have to meet the highly-qualified special education teacher requirements of 20 U.S.C. 1401(10).

(2) Private school children with disabilities may receive a different amount of services than children with disabilities in public schools. There shall be no individual right to special education and related services, but the student shall receive the services provided in the service plan in light of the services the LEA has determined to provide.

(3) A private school child with a disability who has been designated to receive services shall have a services plan that describes the specific special education or related services that the LEA will provide in light of the services the LEA has determined to provide private school children with disabilities through the process in Section 5 of this administrative regulation.

(4) The services plan shall, to the extent appropriate: (a) Meet the requirements of an IEP under 707 KAR 1:320 with respect to the services provided; and (b) Be developed, reviewed, and revised consistent with the requirements to develop, review, and revise IEPs.

(5) Services delivered through a service plan shall be provided by: (a) Employees of the LEA; or (b) Through a contract with the LEA.

(6) Special education and related services provided through a service plan shall be secular, neutral, and non-ideological.

Section 7. Location of Services. (1) A service to a private school child with a disability may be provided at a site determined by the LEA. If necessary for the child to benefit from or participate in the services provided under a services plan, the private school child with a disability shall be provided transportation: (a) From the child's school or the child's home to a site other than the private school; and

[Index](#)

- (b) From the service site to the private school, or to the child's home, depending on the timing of the services.
- (2) An LEA shall not be required to provide transportation from the child's home to the private school. (3) The cost of transportation may be included in calculating the amount to be expended on private school children with disabilities.

Section 8. Due Process Procedures. (1) The due process procedures afforded to parents and children with disabilities described in 707 KAR 1:340, Sections 4, 6, 8, 9, 10, 11, 12 shall not apply to complaints that an LEA failed to meet the requirements of this administrative regulation, including the provision of services indicated on a services plan. However, these requirements may be the basis for a written formal complaint under 707 KAR 1:340, Section 7. The due process procedures described in 707 KAR 1:340 shall apply to complaints that an LEA failed to complete its responsibilities under child find for private school children with disabilities and its responsibilities to evaluate and determine eligibility for private school children with disabilities.

(2) A private school official has the right to submit a state written complaint to the LEA and the Kentucky Department of Education as outlined in 707 KAR 1:340, Section 7, for allegations that the LEA:

(a) Did not engage in timely and meaningful consultation; or

(b) Did not give due consideration to the views of the private school official.

(3) If the private school official submits a state written complaint, the official shall provide the basis of the alleged noncompliance by the LEA.

(4) If the private school official is dissatisfied with the final decision of the Kentucky Department of Education, the official may submit a complaint to the Secretary of the United States Department of Education. If such a complaint is filed with the secretary, the Kentucky Department of Education shall forward the appropriate documentation to the Secretary.

Section 9. Restrictions on Serving Nonpublic Students. (1) An LEA shall not use funds under Part B of IDEA to finance the existing level of instruction in a private school or to otherwise benefit the private school. The LEA shall use the funds provided under IDEA to meet the special education and related services needs of private school children with disabilities but not for:

(a) The needs of a private school; or

(b) The general needs of the students enrolled in the private school.

(2) An LEA may use funds under Part B of IDEA to make public school personnel available in private schools to the extent necessary to provide services under a services plan and if those services are not normally provided by the private school.

(3) An LEA may use funds under Part B of IDEA to pay for the services of private school personnel to provide services under a services plan if the employee performs the services outside his regular hours of duty and the employee performs the services under the supervision and control of the LEA.

(4) The LEA shall keep title to and exercise continuing administrative control of all property, equipment, and supplies that the LEA acquires with funds under Part B of IDEA and uses for the benefit of private school children with disabilities. An LEA may place equipment and supplies in a private school for the period of time needed to provide the services.

(5) The LEA shall ensure that the equipment, and supplies placed in a private school are used only for Part B purposes and can be removed from the private school without remodeling the private school facility.

(6) The LEA shall remove equipment and supplies from the private school if the equipment and supplies are no longer needed for Part B purposes, or if removal is necessary to avoid unauthorized use of the equipment and supplies.

KRS 156.035 authorizes the Kentucky Board of Education to implement any act of Congress appropriating funds to the state and to provide for the proper apportionment and disbursement of these funds in accordance with state and federal laws. 20 U.S.C. 1407 and 1412 and 34 C.F.R. 300.100 require that policies and procedures be adopted to assure the apportionment and disbursement of federal funds for exceptional children programs in accordance with applicable laws. This administrative regulation establishes the procedures that will be followed by the Department of Education in the event it is necessary to take corrective action on behalf of children with disabilities.

 - (b) Reports, including count and data tables, and performance reports;
 - (c) Complaints and due process hearings;
 - (d) Finance reports; and

- (4) Following an off-site or on-site review, the Kentucky Department of Education shall issue a written report. Deficiencies specified in the report shall be the basis for the LEA to develop a corrective action plan (CAP) for review and approval by the Kentucky Department of Education. Prior to the development of the CAP, the LEA shall have the opportunity to submit additional information to verify or clarify issues related to the report. Each CAP shall be monitored and enforced by the Kentucky Department of Education.
- (5) A CAP shall be submitted to the Kentucky Department of Education no later than thirty (30) business days after the LEA receives the report of noncompliance. The CAP shall include:
- (a) A statement of the matter to be corrected; and
 - (b) The steps the LEA shall take to correct the problem and document compliance.
- (6) Within thirty (30) business days of receiving the CAP, the Kentucky Department of Education shall notify the LEA of the status of the CAP. If the Kentucky Department of Education rejects the CAP, the LEA shall have fifteen (15) business days to submit a new CAP.

(7) A CAP approved by the Kentucky Department of Education shall be monitored and shall be an official document requiring the LEA to meet the specified activities. The Kentucky Department of Education shall not initiate further sanctions during the time period specified in the CAP unless requested by the LEA.

(8) Any noncompliance verified by monitoring shall be corrected within twelve (12) months from the date of the notification to the LEA of the noncompliance.

Section 2. Special Education Program Found Noncompliant. (1) The Kentucky Department of Education shall ensure that each LEA or other state agency responsible for providing the child's education complies with the LEA eligibility requirements contained in IDEA, 34 C.F.R. Part 300. To fulfill this obligation, the Kentucky Department of Education may implement the procedures established in this administrative regulation. (2) A special education program may be found noncompliant through deficiencies identified in:

- (c) Decisions issued in due process hearings or by the Exceptional Children Appeals Board that have become final after the appeal rights have been exhausted; or
- (d) Review of other data routinely collected by the Kentucky Department of Education.

Section 3. Causes for Imposing Sanctions. (1) The Kentucky Department of Education shall employ progressive sanctions until compliance is achieved, if an LEA:

- (a) Fails to comply with a CAP, including not implementing the activities in an approved CAP;
- (b) Fails to comply with the final decision in a complaint investigation after appeals have been exhausted, or the decision of a due process hearing officer or the Exceptional Children Appeals Board that has become final after appeal rights have been exhausted;
- (c) Fails to manage the special education program in compliance with state and federal law;
- (d) Fails to manage funds in compliance with state and federal law;

Section 4. Sanctions. (1) The Kentucky Department of Education shall employ intensive assistance for at least a two (2) year period, including providing consultation, training, and technical assistance, or assigning a special education mentor, to remedy deficiencies and obtain voluntary compliance before imposing sanctions beyond a corrective action plan (CAP).

(2) The Kentucky Department of Education shall employ less severe sanctions before more severe sanctions until the LEA is in compliance. Progressive sanctions may include the following: (a) Conditional approval of IDEA funds. If verifiable progress is not made in implementing a CAP, conditional funding shall be imposed. Conditions and timelines for continuing to receive IDEA funds shall be stated in the application approval letter or an attachment. Conditional funding may be employed for more than one year before imposing the next sanction, unless the LEA fails or refuses to meet the conditions or timelines. This sanction shall be lifted when the Kentucky Department of Education verifies compliance;

[Back to Contents](#)

(b) Withholding of payments of IDEA funds. If an LEA fails or refuses to meet the conditions or timelines in the conditional approval letter, IDEA funds may be withheld by the Kentucky Department of Education. The Kentucky Department of Education shall make no further payments to the LEA until the Kentucky Department of Education verifies that compliance has been achieved. If the LEA makes no effort to correct the deficiency within sixty (60) calendar days of withholding of IDEA funds, further sanctions may be imposed pursuant to appropriate provisions in KRS 156.132. Withholding shall remain in effect during the pendency of any additional sanctions;

(c) Withholding of Support Education Excellence in Kentucky (SEEK) add-on funds. SEEK add-on funds for exceptional children shall be withheld in trust as required in KRS 157.224. (d) Other actions available under state and federal law shall be employed as circumstances warrant.

(3) The Kentucky Department of Education may conduct an off-site or on-site review to validate compliance.

Section 5. Opportunity for a Hearing. Prior to the withholding of IDEA or SEEK add-on funds, the LEA shall be provided notice and an opportunity for an administrative hearing in accordance with KRS Chapter 13B.

Section 6. Child Count Audit. (1) Child count figures submitted to the Kentucky Department of Education for the purpose of receiving funds under IDEA shall be subject to an audit validating the count. The Kentucky Department of Education shall conduct the child count audits prior to withholding funds pursuant to Section 4(2)(b) of this administrative regulation.

(2) If an LEA counts more children on its December 1 child count than are actually being served, or counts children who are ineligible to be counted for funding, the LEA shall reduce its child count or return the funds received for each misclassified child.

(3) The reduction may be initiated by:

(a) The LEA upon recognizing an error exists; or

(b) The Kentucky Department of Education through an on-site or off-site validation of the child count figures.

(4) Notice and an opportunity for a hearing under KRS Chapter 13B shall be provided before recovery of funds.

(5) Annually, the Kentucky Department of Education shall review and, as needed, select LEAs for a child count audit. An LEA may be selected for audit based on the following:

(b) Recurring substantiated complaints or final decisions from due process hearings or the Exceptional Children Appeals Board on similar issues;

(c) Failure to comply with a CAP within the specified timelines, or with the final decision in a complaint investigation after appeals have been exhausted, or with a hearing or appeal decision after appeals rights have been exhausted within specified timelines;

(d) Increases or decreases of total child counts, changes in categorical areas, or amendments to the original IDEA-B child count report that cannot be justified by district-supplied data like annual child count data and districtwide enrollment data or other district-supplied sources of data;

(e) Unusual child count data, such as, more than fifteen (15) percent of the total school population reported as having disabilities, no change in numbers from year to year, high numbers of low incidence populations, or unusually low percentages of children with disabilities when compared to similar LEAs; or

(f) Previous audits resulting in reductions in addition to the presence of any of the items listed in paragraphs (a) through (e) of this subsection.

(7) The Kentucky Department of Education shall conduct an on-site record review based on the standards in 707 KAR Chapter 1 and analyze the data collected to determine the number of records out of compliance.

(8) The Kentucky Department of Education shall prepare a draft audit report which includes:

(a) The reason for the child count audit;

(b) The date the audit was conducted;

(c) The total number of records reviewed;

(d) An analysis of the data obtained during the audit;

(e) The specific reductions by disability; and

(f) Notice that the LEA has thirty (30) business days from the date of the report to submit additional information for each child to demonstrate compliance.

(9) The LEA may request copies of the data collected and used to produce the findings in the audit report and submit additional information for each child to demonstrate compliance. If the LEA submits additional information to demonstrate compliance, the Kentucky Department of Education shall have thirty (30) business days from receipt of the information to review the documentation and issue a final report.

(10) Within thirty (30) business days of the date of the final audit report, if applicable, the LEA shall submit to the Kentucky Department of Education an amended child count report and a CAP to address deficiencies identified during the audit.

(11) The Kentucky Department of Education shall certify the reduced count and submit a correction to the U.S. Department of Education and the Kentucky Department of Education's Division of Finance.

(12) The IDEA grant award for the fiscal year affected shall be recalculated and:

(a) If the child count reduction affects the current year's project then the amount of the recovery shall be subtracted from the original allocation and shall not be sent to the LEA the following year;

(b) If the reduction in grant award is for a year in which funds have already been expended, the LEA's grant shall be reduced the following year by the reduced amount in a manner that shall not disrupt current delivery of instructional services; or

(c) If the reduction affects an application for the fiscal year, the LEA shall be notified of the reduction of the recalculated grant award for the following year.

(13) Follow-up audit. The Kentucky Department of Education shall conduct a follow-up audit at the time the CAP is scheduled for completion. The Kentucky Department of Education shall verify that deficiencies have been corrected. If the follow-up visit verifies that the LEA has completed all CAP activities and no areas of noncompliance are identified, the Kentucky Department of Education shall issue a final report.
