

FCPS

Winter Break Shutdown

SMALL CHANGES BIG DIFFERENCE

If we all pitch in, it's easy to make a **BIG** difference. Join us to reduce electricity consumption by 720,000+ kilowatt-hours!

Equivalent to:

\$72,000 savings

562 tons of carbon dioxide reduction

110 cars off the road

8,438 tree seedling growth for 10 years

Want [statistics](#) of your school's participation? Share [this](#) link with your faculty and staff.

What a difference!

Before you leave:

- Turn off interior lights in your area.
- Turn off/unplug personal appliances (microwaves, lamps, space heaters, fans, etc.)
- Shut down computers/projectors.
- Close blinds/window shades.
- Remove warm appliances directly underneath of or within 2 feet of your thermostat.
- Portables: set the heating to a max of 64 degrees.
