

***Celebrate Farm to School month
by participating in the:***

Kentucky Crunch

What is the Kentucky Crunch? Purchase a locally grown fruit or veggie and snap a picture crunching into it! You are welcome to crunch any day or time in October that works for you!

Who? K-12 schools, early care and education sites, hospitals, colleges and universities, farms, state and local agencies, non-profit organizations, local businesses, groups, and even households! Anyone who wants to show support for local farmers and school food can join!

Where? Anyone across Kentucky! Crunch from a socially distanced classroom, a farm, Zoom, a school garden, home, even the Farmer's Market!
