

How to connect an “iDevice” to FCPS’s wireless network for personally owned devices

1. Open **Settings**
2. Choose **Wi-Fi**

3. Under “Choose a Network...” tap FCPSWireless
4. After a few seconds you will see a check mark appear next to FCPSWireless.

If you click the Blue arrow you will see that the device now has an IP address starting with 172.

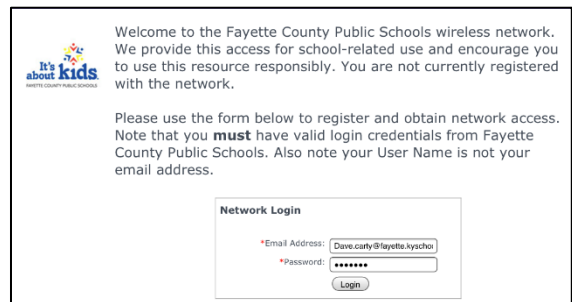

5. Return to the Home Screen
6. Open Safari and go to wireless.fcps.net
7. You will be redirected to a page that says “Welcome to the FCPS Wireless Network”
8. Click on the “To register this device click here” link

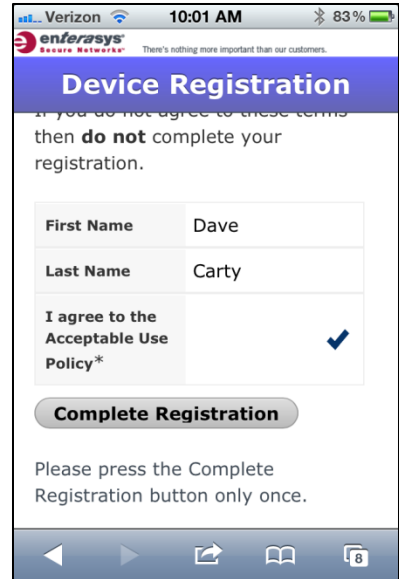

9. The Device Registration page will open.

This process will register the device on FCPS’s network as belonging to / being used by you.

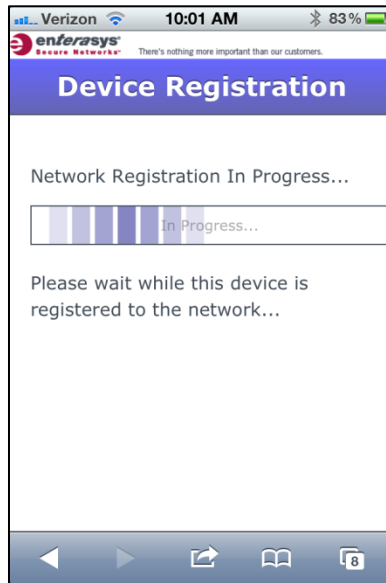

10. Enter your FCPS email address
11. Enter your FCPS password
This is the same password you use to log onto a computer
12. Click Login

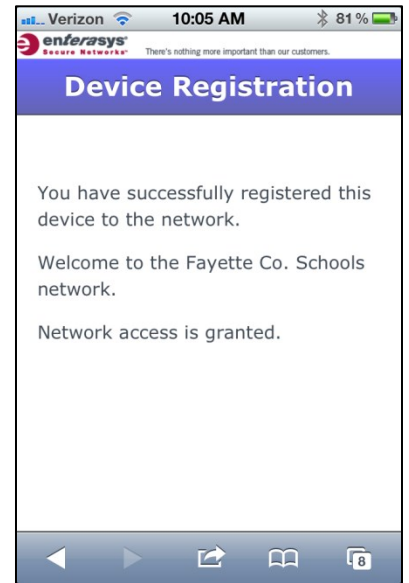

13. On the next screen after reading the AUP enter your First and Last Name and click the check mark next to "I agree to the Acceptable Use Policy"
14. Click **Complete Registration**

15. You will see a message saying "Network Registration In Progress..."

16. After a few seconds the page will change to say you have successfully registered.
17. After another few seconds you will be redirected to the webpage you originally tried to access.

- You can also manage your devices at <http://wireless.fcps.net> from any computer computer or wireless device connected to our network.
