## Non-Test Instructions for Student

This document contains instructions for completing your non-test information in MyACT. If you complete this information prior to testing or by the deadline listed above, you can send your scores, free of charge, to four colleges or scholarship agencies of your choice. Changes made after the deadline may not be reflected on your score report or reported to your college choices. You may log out and return to complete this information any time prior to the deadline. Once your test has been scored, you are no longer able to update your non-test information and you will be charged a fee for any reports you wish to send to colleges.

**All non-test questions are optional unless noted.** If you choose to answer them, be sure the information you provide is accurate. Although you may skip any optional question that you do not wish to answer, we can provide colleges and scholarship programs with a more complete profile when you answer more questions. **ACT strongly encourages you and your parent(s) or guardian(s) to carefully review this guide and the *ACT Privacy Policy* at [www.act.org/privacy](http://www.act.org/privacy) to understand how we collect, use, and disclose personally identifying information.**
