SUPPORTING CHILDREN AND EDUCATION IN LEXINGTON

PTA : Advocates

As the largest volunteer child advocacy association in the nation, Parent Teacher Association (PTA) reminds our country of its obligations to children and provides parents and families with a powerful voice to speak on behalf of every child while providing the best tools for parents to help their children be successful students. PTA advocates at the school, district, community, state and national levels on behalf of children and their needs. PTA is a voice for those who cannot speak for themselves. Your membership is a vote for children!

PTA does not act alone. Working in cooperation with many education, health, safety, and child advocacy groups and agencies, the PTA organization collaborates on projects that benefit children and that bring valuable resources to its members. The Education Advocates PTA will focus on leveraging these partners in Fayette County

Education Advocates

Education Advocates will focus on maximizing resources for students and PTAs on a citywide level.

Research proves that parent engagement increases student achievement, regardless of race or economic situation. Education Advocates will develop programs to get parents engaged. Potential programs include a parent education series that can be marketed amongst several schools to maximize the benefit. Developing a marketing and PR program to let parents know the resources available through PTA. Training Parent Leaders.

We will look for synergies among schools and help to share best practices. We will look for partnership opportunities with businesses, organizations and agencies to bring the best options to bear for our students. This and much more awaits...
