

Hello All-

Here are the phone numbers for some of the most frequently used agencies here in Lexington. If you or your family is experiencing a crisis please use these numbers first. As your guidance counselor my role is very limited as to when/where I can have contact with my students. I will be checking my email during the normal school hours but I am not accessible by phone. Please reach out to me via email at lisa.norton@fayette.kyschools.us if you have any questions.

Be safe!

Mrs. Norton
