

UPDATE

regarding the recent
FCPS board meeting

The FCPS Board of Directors met last night in order to discuss the possibility of re-opening schools on the hybrid model.

- They decided that schools will not re-open in 2020
- They will re-visit the idea of opening schools in January 2021
 - If schools re-open in January 2021, it is possible we will not use the hybrid model but instead invite all of the students to return to on-site classes (5 days a week)

Thank you for your continued patience and understanding as we consider the health and safety of our students and staff
