

Healthfirst Bluegrass has Healthy Kids Clinics located within eight elementary schools in Fayette County.

Healthy Kids Clinics are full-service pediatric medical clinics that can perform:

- School physical exams & sports physicals
- Sick visits
- Immunizations
- Behavioral Health Services
- Oral Health Services
- School Nursing Services

"School Based Health Centers Represent the Intersection of Health and Education."

Healthfirst Healthy Kids Clinics are open to all Fayette County Public School Students and currently operate in the eight schools listed.

Our **Healthy Kids Clinics** are staffed with Nurse Practitioners, Registered Nurses, and Licensed Clinic Social Workers. We also have Behavioral Health Physicians and Dentists available weekly in each school clinic.

When visiting a **Healthy Kids Clinic** for your child's appointment, please bring:

- Copy of your child's immunization record
- If insured, a copy of child's insurance card (we accept Medicaid and most private insurance)

Are you are looking for a medical home?

After your child is seen in a Healthy Kids Clinic, they can use our main clinic sites for medical, behavioral health, dental, and pharmacy services.

"We love our school clinic. It is so convenient and we get great care!"
