Documentation

NTI Documentation

- Work Sample Evidence
- Staff Work Day Documentation

NTI for Weather Q&A

- Recommendation - Grade Levels work together on assignments
- Classified Staff - It is a work day for classified staff. These staff members can provide student assistance, be assigned tasks, complete extra training, other identified needs.
- Work Location - NTI Weather does not require staff to be on site

Communication

- Principals should communicate NTI information to their families referencing <https://www.fcps.net/weather>
- All principals/building managers should communicate with employees regarding roles and responsibilities during NTI
- Individual school websites should be updated with NTI weather information and student/family resources
- Teachers should communicate login information for Office Hours and assignments
