

ADDRESSING TEEN DRIVER  
SAFETY THROUGH  
COMMUNITY INTERVENTION

Checkpoints provides parents and teens brief instruction and structure to use effective planning techniques to establish driving rules, consequences for non-compliance, and jointly reach a parent-teen driving agreement.

### GOAL

To reduce teen crashes and violations received by teen drivers.

### New teen drivers are at greater risk for crashes when driving:

- Without adult supervision.
- At night.
- With passengers
- On high speed roads.
- In poor weather conditions.
- On unfamiliar roads.
