# Hello TALME Families

What a great honor it is to serve as principal at The Academy for Leadership at Millcreek Elementary for the 2022-2023 school year!

I have recently relocated from Virginia to Lexington specifically to take on this role and serve you and your community. This upcoming school year will mark my fifteenth year in education, and I have loved every minute of it! As we embark on this journey together, to foster the emotional and cognitive growth of your children, I would like to share my commitments with you. Although the ebb and flow of the new school year will bring with it many challenges and opportunities, my commitments to you remain.

## **Commitment #1**

### **Communication and collaboration**

I am committed to listening for understanding and partnering with you, so our young leaders experience continued success throughout the year.

## **Commitment #2**

### **Student growth and school climate**

I am committed to prioritizing student leadership, social and academic growth and learning, and creating a school climate focused on a positive sense of belonging

## **Commitment #3**

### **Support for teachers and staff members**

I am committed to supporting the staff members at TALME so they continue to improve their capacity to support your child as they strive for and experience success

I look forward to meeting all of the TALME families that make up this wonderful community and serving you as well as the teachers who serve your students. I believe that all children are capable of achieving greatness, and when we work together with a singular vision and focus, success is well within our young leaders' reach!

Sincerely,  
Dr. Johnson
