Robert Crawford, Principal

This past week was marked by a variety of unique learning opportunities at Maxwell. Students in 2nd -5th grade were able to explore an array of professions through Career Day. A special thank you goes to all the Maxwell families who shared their time and expertise to make this day a success. This week we also inaugurated Technology Night! Students and families were able to engage with technology within an interactive playground. We hope that everyone enjoyed this new family engagement event that we aspire to make available again in the future.

Speaking of technology, FCPS will be conducting a major system update during Spring Break. As a result, e-mail and connected programs will not be available during that time. Please see this newsletter for important additional details.

As we edge toward Spring Break at the end of this week, we will convene to celebrate our country of study and the achievement of our learners. On Friday,

the monthly award ceremony will highlight the country of Cuba, as presented by Maxwell's 1st grade class. The presentation will be followed by a brief award ceremony. Please note that Breakfast with the Principals will return next month.

Taste of Maxwell is quickly approaching! The Maxwell PTA is deep in planning for this important school fundraiser. Please see this newsletter for ways to contribute and to volunteer to make this event a success.

Lastly, thank you for all the recent support that has been shared for educators. We hope that all Maxwell students and families have a safe and relaxing Spring Break!

Thank you for your partnership as we continue to strive to provide the best learning opportunities and outcomes for the students of Maxwell!
