We experienced a memorable week at Maxwell! On Monday, classes started the process of taking the final MAP test of the school year. Also, this past week, 4th grade and 5th grade students gained new insight and experience by participating in their respective field trips. On Friday, students and families converged on Maxwell to celebrate as a community through the PTA-sponsored, Taste of Maxwell.

This week classes will finish MAP testing. Please continue to encourage your student to take advantage of this opportunity to show the progress that he/she has made over the year.

We also look forward to the musical concert that will be presented on Thursday evening by Maxwell's band, chorus, and orchestra students. Come enjoy this opportunity to hear our students share their musical talents!

This Friday families are again invited to participate in the Breakfast with the Principals series. This event, which is

sponsored in conjunction with the Maxwell PTA, provides families the opportunity to dialogue with the school administration on targeted topics.

This past Friday's Taste of Maxwell was a true celebration of the spirit of the school. Thank you to the Maxwell PTA and the families of Maxwell for the time and resources that you dedicated to make this fundraising event a tremendous success!

Thank you for your partnership as we continue to strive to provide the best learning opportunities and outcomes for the students of Maxwell!

STOP! TIPLINE

Safety is our first priority. In an effort to use every able resource to STOP bullying and other risky behaviors in our schools, Maxwell proudly announces the implementation of the "Safety Tipline Online Prevention" or STOP! Tipline. The STOP! Tipline is designed for use as an "online" reporting/prevention tool which is provided free by the Kentucky Center for School Safety. If students, parents or community members know of an unsafe situation in school (bullying, weapons, drugs or alcohol, etc.), they can anonymously pass on that information to school personnel by using this basic email format.

Our hope is that students who fear face-to-face reporting of bullying or other safety issues may be less reluctant to share this vital information when offered an "online" option by giving students the ability to report concerns over their tablets, computers or mobile phones. We can now reach more students and address problems before they escalate.

The process for using the tip line involves locating the STOP Tipline logo on the school homepage in the top navigation menu, on the popular links icons, or under School Quick Links. Immediately, students or community members can anonymously report bullying, cyber-bullying, violence, risky behavior, or other safety concerns to school personnel by using a basic email format. Tips can be left anonymously or students may choose to have someone contact them. More information can be found about the tip line at www.kycss.org/stop/about.php
