

SBDM Minutes: August 29th 2022

1. Meeting called to order
2. Gill nominated vice-SBDM chair. Hicks nominated, Mato 2nd, full agreement from council.
3. Agenda and minutes approved. Mato motions, Gill seconded.
4. Public comment by Hicks. Water pooling up on certain parts of the playground. Spottswood puts in work order to address the issue.
 - a. (Follow up)We have a natural drainage system where the water drains directly into the ground. We are in a basin and local ordinances do not allow us to pump water into another person's property. Drains cleaned, but this is an issue that we are not able to easily address. 100,000's of dollars was estimated by district staff. They would have to tear out the playground and we'd still have issues.
5. The council has agreed to give school admin the authority to approve local field trips with out taking to the board. All extended field trips will still need SBDM approval. Mato motions, Gill seconded.
6. We consulted on the bookkeeper position.
7. Meeting adjourned.
