

Squires Elementary School

Lexington, Kentucky

Policy 11.6

Policy Area: Staffing

Determining the Number of Persons to be employed in Each Job Classification

Each year after the school receives the March 1 allocation from the Fayette County Public Schools Board of Education the school council will meet in an open meeting to decide the number of persons in each job classification at Squires Elementary for the following school year. To accomplish this, the principal will bring to the school council a recommendation for staffing each job classification. The council will consider the recommendation and discuss options for Squires Elementary. The school council will approve the staffing allocation by consensus.
