

Veterans Park Elementary School CLASSROOM ASSESSMENT POLICY

Monitoring for Student Achievement in Mathematics

All students will be assessed in mathematics every fall, winter, and spring. Results will be reported to the principal, council, parents, and elementary director.

Intervention strategies will be documented for any student below grade level and discussed with the staff assistant.

Monitoring for Student Achievement in Reading

All students will be assessed in reading every fall, winter, and spring. Results will be reported to the principal, council, parents, and elementary director.

Intervention strategies will be documented for any student below grade level and discussed with the staff assistant. Any primary student who tests At-Risk will be reassessed using alternative assessments. Other students may also be recommended by teacher referral for additional testing.
