## **BUDGET REPORT**

### **School Activity Funds**

No questions / no discussion

Mr. Thornsby mentioned that while “Yearbook” is negative, we will recoup that money when yearbooks are sold. Additionally, this year, budget managers will be notified about how much money they can carry forward (\$1,000 - \$1,500). During COVID years, we removed that restriction.

## **SCHOOL IMPROVEMENT PLANNING**

### **Impact Survey Data**

Mr. Thornsby provided a brief snapshot of the results. The information will be broken down more specifically after the staff has had a chance to review the results. The results for *Feedback and Coaching* are up 36% to 65%. Teachers worked together in groups to create rubrics that established a common language, clarifying what the survey is really asking. Mr. Thornsby was featured in a Principal’s Podcast with KDE, focusing on our process in creating these rubrics.

### **POLICY REVIEW:**

#22 - Academic Honesty

Mrs. Conger asked for this policy to be reviewed due to the fact that teachers are reporting cheating. In addition, we need to adapt the policy to reflect our new reliance on technology for school work. Rather than review the policy during this meeting, we will charge a committee to look at the policy and suggest revisions. Ms. Conger, Mr. Whiteside, and Ms. Heheman agreed to serve on this committee.

### **PROJECTED ENROLLMENT & STAFFING TIMELINES:**

Our enrollment for next year is projected to be a little higher. We will likely be staffed at 98%, and Mr. Thornsby is pushing for GTAP to be staffed at 100%. We should have a staffing proposal by our March 21 meeting. If not, we will likely have a special-called meeting.

### **ADJOURN:**

Ms. Heheman made a motion to adjourn the meeting. Ms. Conger seconded the motion. The meeting was adjourned at 5:06.
