

Assignment of Classified Instructional Time

Purpose: The purpose of this policy is to utilize classified personnel to meet the individual needs of students during the instructional time.

Policy Statement: The principal shall assign classified staff for instructional purposes in accordance with applicable Federal, State and Board policies. Any variation in those assignments, where permissible by law or regulation, shall be made through consensus of those teachers whose students receive the services.

Any variations shall be made by the Principal by meeting with the teaching staff involved in the programs and the classroom teachers of the students involved. This group through consensus shall determine if variations as permitted by law or regulation are needed and will implement these changes.

Any variations shall be shared with the Council during its next scheduled meeting.
