STAFFING UPDATE

Ms. Runyon called the meeting to order at 4:35p.m. At this time, she announced that this specially called meeting was called due to a staffing update.

The update, which came from IKSSA, is that the special education department at Morton was cut by a .3 MSD teacher, and two para educators.

Ms. Runyon then informed the council that there is now a position available for a .5 teacher. There was discussion as to how this position should be filled. After some discussion, Rubin Jones moved that the .5 position be used to hire a certified teacher to be used as an RTI/Tier II person for the school. Crystal Dixon seconded the motion. The motion passed unanimously.

Ms. Runyon also announced that there is an approximately \$7,000 stipend which can be used to offer an elective course. She suggested that an interested 7th grade teacher take on the course during the 8th period elective time. Any teacher interested needs to apply for this position as a supplemental duty.

With all updates made, the meeting was then adjourned.

Respectfully submitted,

Karen L. Stephens
