- 100 pennies or other small items, all the same

When we return to the school building, please send all of the supplies and the Chromebook back to school with your child. We will need enough of the pencil box supplies to last for the entire school year, so if you'd like to buy extra while they are on sale, that would be great. We also request when we return to the classroom, that you send a change of clothes (in a bag labeled with your child's name) and a labeled water bottle (because we won't be using the fountains).

Thanks!
