Agenda item 10: Social Studies Curriculum Adoption

Notes: The district used a rubric and a group of people to vet various curriculum programs and took their selection to the board. The board approved the curriculum. There was a steering committee, school and district personals, parents, the equity office, and UK representatives.

They looked at numerous indicators of a high quality curriculum when making their selection. Our job as a council is to decide if we want to adopt this curriculum.

Comments: Bayne- I was part of the science selection committee and strongly support the adoption of a district wide curriculum. Jones- It also helps with accuracy of teaching. Bayne- It also helps with consistency for students who move. Jones- This is a 6 year commitment.
